

Your total electricity cost has been **lower** with if your supplier is Hanson Community Power. Summer usage spikes may make this hard to see.

| Current Charges           | 109.81   | 80.24                        | -0.36                   |
| <b>Amount Due ►</b>       | <b>\$ 109.81</b>                               | <b>\$ 80.24</b>              | <b>\$ 189.69</b>        |

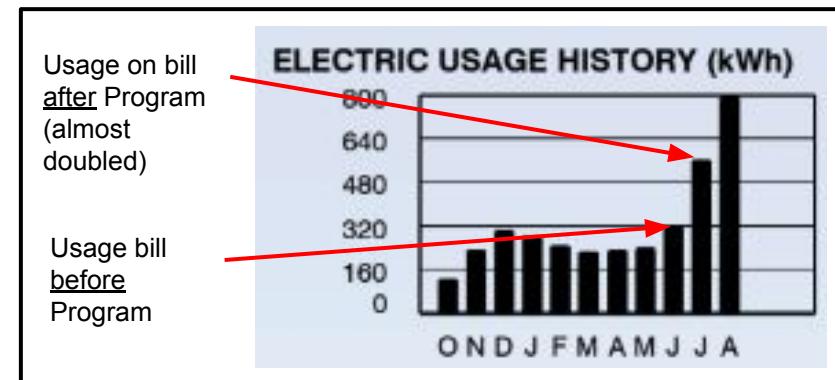

Because the transition to the Hanson Community Power program coincided with an extended heat wave in June and July, many customers experienced an increase in their total electric bill. **The increase is due to increased usage, not to the new program.** Hanson's supply costs less than National Grid's supply (13.6 cents per kWh compared to 18.2 cents per kWh). Without Hanson Community Power, customers' July bills would have been higher.

National Grid Supply (residential, through July 31):  
**18.213 cents/kWh**

Hanson Standard supply:  
(all customers)  
**13.693 cents/kWh**

Before Hanson's program started, Delivery and Supply services were both provided by National Grid, and therefore lumped together. There was not an "Other Supplier Service" because National Grid was the supplier.

Once Hanson's program started, only Delivery is provided by National Grid and Supply is now provided by Hanson's chosen supplier. As a result, the cost is broken out into two columns.

## Account Balance section:

The total cost was **lower** with if your supplier is Hanson Community Power, however the total cost will be broken out into two separate columns.

If National Grid was your Supplier in June-July '24

| SERVICE FOR     | BILLING PERIOD               | PAGE 1 of 2 |
|-----------------|------------------------------|-------------|
| HANSON MA 02341 | Jun 11, 2024 to Jul 10, 2024 |             |
| ACCOUNT NUMBER  | PLEASE PAY BY                | AMOUNT DUE  |

### ACCOUNT BALANCE

|                        |   |
|------------------------|---|
| Previous Balance       | 108.27  |
| Payment Received       | No payments have been received during this billing period |
| Adjustments            | - 0.36  |
| <b>Balance Forward</b> | <b>0.00</b>   |
| Current Charges        | + 216.54  |
| <b>Amount Due ►</b>    | <b>\$ 216.54</b>  |

On this bill, Delivery and Supply services are all provided by National Grid, and therefore lumped together. The specific cost breakout would be:

$$\$216.54 = 109.91 \text{ (Delivery)} + 106.73 \text{ (Supply)}$$

If Hanson Community Power was your Supplier in June-July '24

| SERVICE FOR     | BILLING PERIOD               | PAGE 1 of 2 |

### ACCOUNT BALANCE

|                     | National Grid Services | Other Supplier Service | Adjustments     | Total            |
|---------------------|------------------------|------------------------|-----------------|------------------|
| Previous Balance    | 108.27                 | 0.00                   | 0.00            | 108.27           |
| Payment(s) Received | - 108.27               | - 0.00                 | - 0.00          | - 108.27         |
| Amount Past Due     | 0.00                   | 0.00                   | 0.00            | 0.00             |
| Current Charges     | 109.81                 | 80.24                  | - 0.36          | 189.69           |
| <b>Amount Due ►</b> | <b>\$ 109.81</b>       | <b>\$ 80.24</b>        | <b>-\$ 0.36</b> | <b>\$ 189.69</b> |

On this bill, Delivery is provided by National Grid and Supply by Hanson, so they are broken out in separate columns

## Delivery section:

The cost for Delivery was the same no matter who your electricity supplier is. National Grid charges the same price.

If National Grid was your Supplier in June-July '24
